Meanwhile, the Center for blood disease, leukemia, cancer treatment, may also agree that the agreement of the way.

The Center used the strategy group ages ancestral Chinese secret agent 100% pure Chinese medicine has been reported to the State concerned and the central> to save suffering from uremia, leukemia, cancer and other medical difficult disease, an incurable disease, for distress, supplicants to provide medical help, the secret can be tested, not vice role of the drugs ineffective in the trial investigators, advanced from uremia dialysis, renal recovery, some patients used the prescription can be directly after emerging from dialysis, the gradual recovery of renal function. This will enable secret from the blood disease thalassemia, aplastic anemia, and other blood transfusion from. Similarly, the secret in leukemia, cancer treatment, it also has a very significant effect.

[illegible]

The Center was excavated by the eternal secret ancestral TCM (Traditional Chinese Medicine 100%

pure) where suffering from uremia, leukemia, cancer, aplastic anemia, thalassemia, muscular atrophy, and so malnutrition variety of medical patients with incurable diseases. Using the ancient Chinese medicine formulas are doing hemodialysis can make the swap late uremic patients from dialysis, and not to hemodialysis, far from the transplant (kidney that replanting). If patients urine, hemodialysis short time, quickly in a short time, from the date of treatment, they do not have to do hemodialysis, through dialysis customs and restore kidney function.

Case 1, with the ancient Chinese healing secrets have uremic patients Bai - Lin Wang, the 23-year-old male, Taihu County, Anhui Province of red Garden Township Village, since May 10, 99 at home with the use of ancient remedies to two year on July 13 over 60 days time, I did not go the hemodialysis, hemodialysis smoothly through customs, and increased urine output, edema dissipated, may go out for activities and kidney function. Prior to this, patients in Anqing City Hospital hemodialysis for three months. (In this case reported to President Jiang Zemin's letter)

Case 2, uremic patients MO Hai-bin, male, aged 30, Guigang City, Guangxi your towns County Strand 570, with the Center should, at the request of March 29, 2001 to April 12 period, the patients using home remedies very smoothly through the ages as he got rid of hemodialysis. Before hemodialysis patients once per week after treatment has been extended to 24 days without hemodialysis again, but with every morning to the park can uphold the exercise. (In this case report to the former Minister of Health Zhang Wenkang letter)

Case 3, uremic patients JIANG Jing Gang, male, 26 years old, Jintang County of Chengdu City in Sichuan Province and Technical Supervision cadres, he is sick of the news center in the "Understanding" magazine in May 2002 on the semimonthly period, "thought his brother Oliver back, tied with his brother ill shore where entangled" The article on that, in their contacts with the patients have been in the General Hospital of Chengdu Military Region of the last two months and more hemodialysis treatment, but returned home service medicine, there has been more than mouth the risk of hemorrhage, relatives of patients with the Center should request that since May 13, 2002 sent by train from Qingdao arrived home patients using onboard eternal secret Chinese medicine, and patients and their families in the village under suspicion, were completed in two days time, so patients with mouth and nose bleeding more than the danger of the stop, not bleeding, it is no longer need to do hemodialysis, and the medical miracle that I am afraid people will only see personally believe. Home treatment in patients over 50 days, he restored the renal function, can play cards every day, take a walk, to be outside the cities and towns in several affordable, until July 8, 2002 from Sichuan, to return to Qingdao. (In this case "conquering incurable disease and the medical value of life platform - the medical Olympic," the article). Leukemia, Cancer Patients with the Chinese ancient remedies may in the short term have been treated, and not to do chemotherapy bone marrow transplant, using TCM improve their own immune function, the incidence of high-risk spent, no pain medicine, anesthesia drugs medicine, suffering through the pain of cancer, according to lift its drug Lai sexual. Never used chemotherapy and pain medicine patients with the efficacy of this ancient remedies will be more significant, the same day administration will be able to effect the same day, the better the recovery will be.

Case 1, leukemia patients Yanna, female, 11 years old, she is Pulandian City Dalian cold Jiatur Shangjiahe Town of Village, the center is in the "Understanding" magazine in February 2001 on the semimonthly that the first articles in the patients with the disease should be at the request of the families of patients, in the January 28, 2001 to February 10 sent people to the patient's home, using ancient remedies for only 10 days or so of the time, it was smooth detached from the blood transfusion patients, do not have to go to the hospital every week a blood transfusion.

Case 2, leukemia patients Sinje, female, 17 years old, Qingdao 41 students, she is suffering from lymphatic leukemia, the center is in the newspapers for help patients with the news that, after contact with the disease that is already very serious, pain sleep at night, could not sleep. I was on April 27, 1999 to the family of Chinese medicine remedies used in the medication only after the evening, the pain reducer light, silent sleep, the next day, have begun to soften block lymph nodes, the outflow of dense water, play significant effect, the effect to the so good so soon, the whole family is never patients have thought of, with a very happy, this is further strengthened by my eternal secret formula for the determination of the treatment.

Case 3, bone cancer patients xiang, male, 12 years old, is the influx of Shandong Wulian County of Liu Shangjiahe Town Village, patients in Qingdao City Hospital for an operation invalid relapse, was in the dying out of the hospital, the Center on May 7, 2000 in Qingdao peninsula Dushi Bao editor's help, to people in the home to patients taking the eternal secret, soon to alleviate the suffering of patients with the illness immediately taken a favorable turn, eat drunk so that the whole family see hope for more than 20 days later, with his condition came in after the resumption, left his home and returned to Qingdao. The Center for treatment of various blood disease, aplastic anemia, thalassemia and can be used through the ages remedies for patients in a short time from blood transfusion, no blood transfusion is not bleeding and restore the hematopoietic function, and gradually achieve the effect and purpose of cure.

This center should the government medical institutions at home and abroad, organizations and patients at the request of Chinese medicine treatment field to send medical team to actively rescue dying patients with incurable diseases.

The Olympic medical center set up the China with the World Health Organization and national health agencies to contact and cooperation. Medical exchanges and learn from solving the technical difficulties difficult and the outcome of the medical sharing, and promote the cause of Chinese Medicine World Health medical benefit of the common development of mankind.

The Center for the community for help in providing medical assistance to support and help.
